FOR OUR AIRMEN, FIRST AND ALWAYS

Vision - Lead the Air Force in airman-centered research

Mission – Exploit biological and cognitive S&T to optimize and protect the airman’s capabilities to fly, fight, and win in air, space, and cyberspace

“The effectiveness of Air Force airpower comes directly from the power of Airmen. While it is natural to define the Air Force in terms of its aircraft, missiles, or satellites, in reality, the service’s unmatched capabilities exist only and precisely because of the imagination, innovation, and dedication of its people.”
